

**RANGER**

ENERGY SERVICES

## RIG SERVICE SOLUTIONS

Ranger Energy Services offers the largest high-spec well servicing rig fleet in a comprehensive solution with our ancillary equipment rentals, rig-assist snubbing and drillout iron/manifolds for extended reach frac plug drillout completions.

Ranger comprehensive solutions simplify logistics, maximize operational efficiency, minimize NPT and are more economical than using coiled tubing. Ranger service rigs are also ideal for efficient production maintenance, major workover and plug and abandonment operations.

# RANGER LEADS THE WAY

## WHY CHOOSE RANGER RIG SERVICES?

- **Experienced & highly qualified team**
- **State-of-the-art equipment**
- **High performance culture**
- **Robust, behavior based QHSE management system**
- **Continuous improvement program**
- **Innovative technology development**
- **Technical solutions for today's complex wells**

## EQUIPMENT

Our state-of-the-art inventory of high-spec service rigs and ancillary rentals meet API standards and are maintained via a structured program to safely meet your well service requirements.

## PERSONNEL

Our experienced rig crews can safely and effectively operate in all situations. We provide our personnel with specialized classroom training including well control to build proficiency in the latest techniques and QHSE procedures.

## QHSE

Ranger employs a robust behavior based HSE Management System and a QMS that aligns with API Q2 specifications including supplemental standard operating procedures.
