WHY CHOOSE RANGER P&A SERVICES?

- Experienced & highly qualified team
- State-of-the-art equipment
- High performance culture
- Robust, behavior based QHSE management system
- Continuous improvement program
- Innovative technology development
- Technical solutions for today's complex wells

EQUIPMENT

Our fit-for-service P&A rigs and ancillary rentals meet API standards and are maintained via a structured program to safely meet your well service requirements.

QHSE

Ranger employs a robust behavior based HSE Management System and a QMS that aligns with API Q2 specifications including supplemental standard operating procedures.

PERSONNEL

Our experienced P&A crews can safely and effectively operate in all situations. We provide our personnel with specialized classroom training including well control to build proficiency in the latest techniques and QHSE procedures.
